EXECUTIVE SUMMARY

Noaf furniture industry LLC established in 1993 and have more than 29 years' experience in furniture and interior décor sector.

Have more than 100+ highly skilled workforce comprising of:

- Architects & Interior Designers
- Estimator & QA/QC
- Purchase & Sales Executives
- Accountants
- Project & Site Managers
- Carpenters
- Joiners
- Painters
- Upholsterers
- Drivers

Noaf Furniture Industry LLC is serving in the fields of joinery work, interior decoration, veneering, metal fabrication, marbles, wood coatings and trading of raw materials for the other woodworking industries in the region building the NOAF Group. We implements latest State-of-the-Art technologies in Design, Fabrication & Application:

Design

- Autodesk 3DSMax, AutoCAD, Photoshop, Illustrator, Google Sketch, CorelDraw, ArchiCAD

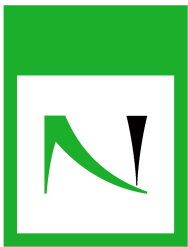

Project Management

- Microsoft Project, eWorks, MS Excel, PowerPoint and Word

Fabrication

- Auto- Veneer Pressing, Double Side Planers, Electric Band Saws, Panel Saw, Handheld Routers, Circular Saws, Finishing booths, Upholstery and a team of highly skilled Applicators of the Projects.

Our staff is assigned to a project until completion, with each and every project having the full commitment of a project manager ensuring that Noaf Furniture Industry is delivering projects on a timely manner within the budget in line with our ethos. This guarantees the achievement of our projects and establishing a long-term business relationship with our clients.

HISTORY

The foundation and the upbringing of Noaf Furniture Industry was laid by a gentleman from Rajasthan state of India, who stepped onto the ground of this part of the world called Dubai in the year 1978.

His name is Jetharam B Suthar.

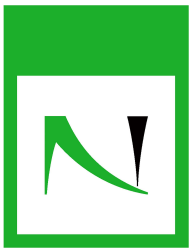

The word Suthar is derived from the Sanskrit word *Sootradhar*. Suthar community is the offspring of **Lord Vishwakarma** (Principal Architect of the Universe) and their core occupation is woodworking.

Mr. Jetharam started his career in the UAE serving a well-established company called Touchwood Decor (A part of Bukhatir Group) as a joiner and soon with his passion and knowledge of woodworking he was appointed as the Production Engineer in the company. He served Touchwood for 18 years and executed numerous high end and large scale projects under his supervision.

He then started Noaf Carpentry in the year 1993 renting a warehouse in the emirate of Ajman with a vision of establishing a carpentry shop to deliver the best of his knowledge and his core family occupation. He was new to modern woodworking technologies, and he was determined to prove that hand craftsmanship was equally precise thru his own craftsmanship but he also made sure that the latest technologies and machineries are important.

In the course of his career, he kept stepping up and building his recognition through his passion for woodworking, the detail and his precision and quality of finishing up each product accurately helped him succeed in his profession and shaping his vision.

Today his Sons carries the tradition a step ahead with a team of more than 100+ dedicated professionals expanding in the tradition in the fields of joinery, veneering, interior decoration, marbles, metal fabrication and Trading of raw materials for the other Woodworking industries in the region building the NOAF Group.

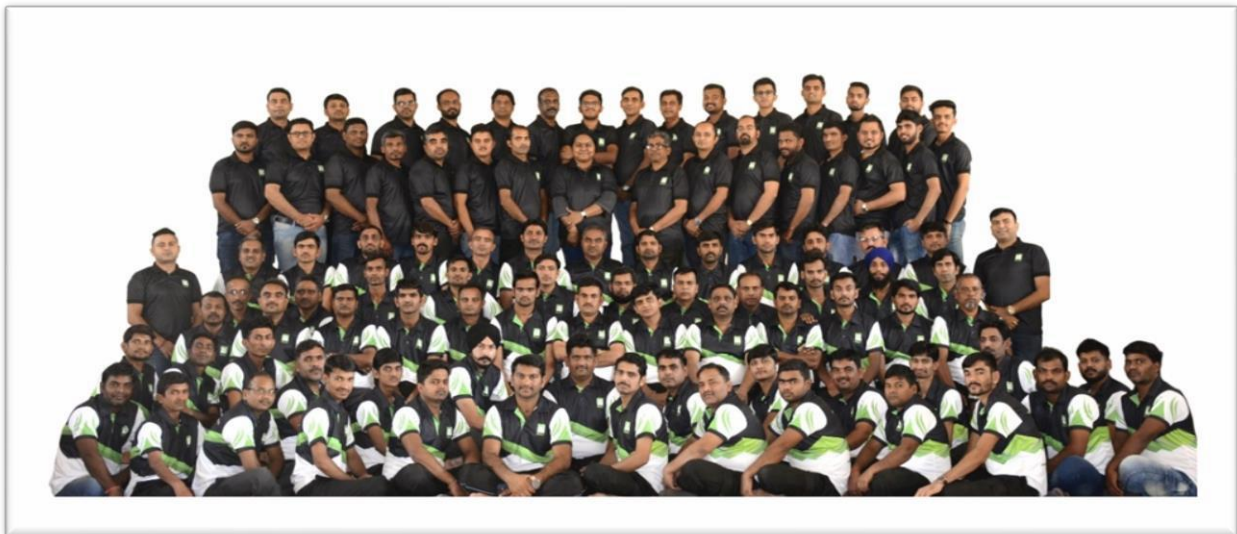

VISION

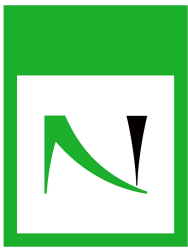

VISION

NOAF GROUP would like to be the part of pioneers, devoted to design, build and apply interior solutions through transparent communication and meeting Customer goals in this region.

BUSINESS APPROACH

We always keep in mind to understand clients requirement, Limitations, Communicate Transparently, Coordinate Professionally and Deliver on Scheduled Time. Our product is manufactured in dignified setting. We check the work site conditions and often know the artisans personally. We only accept and train knowledgeable and professional staff who will help inspire, educate and problem-solve for our clients helping them build what is it that they dream.

PRODUCTION FACILITY

FABRICATION AND APPLICATION

Fabrication and Application is the next challenge of any quality Interiors. It involves several processes, materials, tools and know-how. Any interior fabrication is a unique and enriching experience. Through the years Noaf Furniture Industry has gained rich and hard learning experiences in production and fabrication. We constantly strive to adapt most efficient and latest technology driven production and fabrication processes.

Few of our fabrication processes are indicated below;

- The entire project is managed through a channeled process to make sure that the project is visible to Project Managers and Supervisors. We have invested in the state-of-the-art Computerized Production machines such as Beam Panel Saw, edge banding, Auto Spray Booth, Hot Press etc.
- We make sure that the materials used in fabrication complies with industry standards and that no sub-standard materials are used.
- The manpower, be it a carpenter or painter has the right skill-set and tools to perform most efficiently in the factory or at project site.
- Establish professional, cordial and transparent communication with Consultants and Project owners.

PRODUCTION HOUSE

Noaf Furniture Industry operates through an owned factory in Ajman with an overall area of circa 20,000 SQF, which accommodates a labor camp as well, which minimizes the time travel for labors.

Noaf Furniture Industry is backed up by their sister companies which help to reduce procurement of materials from outsources. In house companies like Noaf General Trading, with facilities in Ajman & Dubai which accommodates the raw material stocks directly imported for trading and personal use along with separate veneer trading and pressing division. Noaf Furniture Industry also facilitated by Noaf steel workshop for metal fabrication work, Milano Marbles for marble and gypsum work along with inhouse storage facilities of wood coatings from Timeless Tones Paints LLC is able to deliver projects with excellent standard of planning and workmanship throughout the United Arab Emirates.

QUALITY POLICY

NOAF FURNITURE INDUSTRY is committed to provide superior quality furniture and interior decoration that meet applicable regulatory, statutory, and customer requirements by adhering to a quality management system that benefits our customers, employees and shareholders.

To meet our commitment, we must:

- Meet or exceed our customer's expectations consistently for service quality and performance.
- Value our customers through open communication, timely responses and improved efficiency through quality inspection at every stage.
- Appreciate and foster an environment of trust, integrity, challenge and reward that attracts and retains the competent employees at all levels of the organization.
- Leverage efficient technology applied to all business processes in order to maintain a competitive advantage.
- Timely deliver products and services by using best raw material to meet our client's requirements.
- Continuously improve our processes and systems.

NOAF's quality policy is published and understood by all employees. This policy is reviewed on regular basis to ensure its suitability. *We realize that Quality is the responsibility of all personnel, and therefore will promote a Quality Culture within the organization by means of sharing information, including personnel in decision making and delegating specific Quality Management functions, e.g. Quality System maintenance, to suitably skilled and competent persons.*

HEALTH & SAFETY POLICY

Occupational health and safety is of the utmost importance, and nowhere more so than on a commercial refurbishment site. As a leading joinery company, we often work in live environments, which require rigid health and safety regulations in order to minimize risk to our clients and members of the public.

The team at **NOAF** strive to provide working environments that are safe and without risk to health. We do this by creating a positive health and safety culture, which comprises:

- Solid management commitment Visible management at all times
- Good clear communication at all levels
- An adherence to and development of attitudes, competencies and patterns of behavior that facilitate a safe working environment.

Our internal procedures formulate structured policies and training plans for all types of projects and we are constantly working on and developing to better ourselves as individuals and as a leading joinery company. Each member of our team is suitably qualified to the required levels in the relevant fields. We ensure that our clients are also qualified and have the appropriate certifications.

Our dedicated project management team will control and manage all health and safety aspects from initiation to completion. It is our objective to manage each and every project in a safe manner without risk to the health, safety and welfare of any employee, contractor or other person who may be affected by our acts or omissions.

On a regular basis our policies, procedures, risk assessments, internal/external audited results, corrective and preventative and supervisory procedures are reviewed by the senior management team and used to generate improvements which meet our customer service standards.

Re: Thank You

Dear Mr. Hanuram,

I write to thank you for your firms' superb performance on the Abu Dhabi Accountability Authority project.

This project was a huge challenge for us all and the teamwork shown by all stakeholders, from our esteemed Client to our key supply chain has been the key to achieving the project goals of primarily the programme followed swiftly by the quality and budget.

Thank you once again and we look forward to delivering many more projects successfully together.

Yours sincerely,

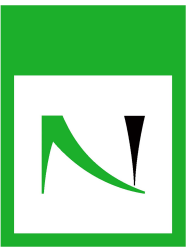

Scott McCulloch
